

The Clear SET (Subconscious Emotional Trauma) Consists of the Sodalite Window Pendant and Intention Disc. Emotional trauma held in the body causes stress and disrupts healthy body function. When we experience trauma that is not fully processed at the time of the event, our cells store the memory. The Intention Disc and Sodalite Window Pendant work together to release these emotional traumas from our cellular memory. way to release both unknown and known trauma from our body-mind complex.

HOW ZEROPOINT™ TECHNOLOGY IN THE VIBRANZ CLEAR SET WORKS

It has been discovered that the cells in the body vibrate at various frequencies depending on their state of health. Vibranz has identified specific frequencies that match the optimum state of health for each of the body's organs and systems. These Human Blueprint™ Frequencies are infused using ZeroPoint™ Technology.

When you use the Clear SET, your body clears the incoherent frequencies or waveforms from the events and or beliefs that caused the trauma which will then allow the cells in the area of release to begin proper and effective communication again for healing.

When the organs and systems of the body are cleared and attuned with the frequencies that are in the Clear SET, the body returns to a balanced state. The body is able to protect and heal itself when it is in a state of perfect balance.

CLEAR SET TESTIMONIALS

Subconscious Trauma

"Before going to bed, I held the Intention Disc in my left hand and the Sodalite Window Pendant in my right hand and then said out loud, this is to clear all and any childhood traumas in my life. Then as instructed I just laid there and all of a sudden I saw these pictures of things that had happened going from one age to another. It was so amazing. I was seeing myself as an infant but did not see any trauma. I could see other things at all different ages. As this was happening I noticed that I was releasing gas and not in the way that we usually release gas. I knew something was really changing. Then I drifted off to sleep. I slept well. The next day I felt very good. But something very unusual happened; I got up and had a very good elimination and later that morning it happened again. Naturally, I felt very good." — Lisa P., CA

Organ Memory

"I decided to release specific organ memory using the Intention Disc and Sodalite Window Pendant technique. I did it by placing both on the area of my body near the organ or endocrine gland and saying "release any emotional trauma, incoherent frequencies, in the spleen." Then I did my liver, large and small intestines, stomach, pancreas, thymus, thyroid, lungs and heart. At each location, I heard the 'gurgle' of the shift and in most cases felt a sigh release as the organ or endocrine cleared. As an energy medicine practitioner, I know that we often experience a release as a sigh, a yawn, a gurgle in the tummy or as an urge to take a breath. This morning, I have not been able to get off the toilet! Had several bowel movements, all normal, fully formed. I learned years ago in my energy medicine classes that we release 'stored' energy from traumatic occurrences, that weren't processed at the time of the event, through our intestines – that's how old trauma leaves the body. Guess this technique helped me get rid of a lot of old trauma!" — Lorraine E., FL

Childhood Trauma

"I held the Intention Disc and Sodalite Window Pendant and I felt my hands, feet, and legs tingling. The tingling then moved up my spinal column to my brain. The energy shot back down to my tail bone, and I felt a pop. The tears started to roll down, and the thought was, "you are not good enough." I thought to myself, I am 65 years old, and I am dealing with this thought of unworthiness? I guess all trauma stays in our bodies in places we have no idea where they are hiding. Who knows what else is hiding or lurking in our bodies, mind and spirits. That inner child that was damaged wanted to heal and be free to play, and enjoy life to the fullest, and now she can! To say thank you, to all of you at Vibranz, is not enough for the changes that are going on in my life since these products have been introduced to me. I am focused in making this a number one priority to use and to share for the rest of my life, and become healthy, wealthy and much wiser." — Lani C., CA

Addiction to Ice Cream

"I grew up on a farm, and the treat we had as children was ice cream. So, I have had an addiction for ice cream all my life. I have worked in holistic wellness for over 30 years and have gotten rid of everything else – I can pass up cookies and pies but never have been able to get rid of the ice cream addiction. So, I did the protocol on the Technical Data sheets for the Clear SET and did a meditation with the Sodalite Window Pendant and Intention Disc about a month ago, asking to clear the emotional trauma that was causing the addiction from my childhood. I have not had any cravings for the last 4 weeks – I can totally ignore it just like everything else now. I love these products – they are great." — Joe B., TX

Anxiety, Stress & Fear

"A feeling of fear, stress and anxiety was pretty heavy this morning. I held the Intention Disc in my left hand and the Sodalite Window Pendant in my right and took deep breaths each time I said to myself, "My intention is to remove this fear, stress and anxiety, and bring balance back into my body." After about 2 minutes, that feeling was totally gone, and I felt peaceful." — Joy D., FL
