

The bio-sonic **Encoder Wristband** is a first-to-market cutting-edge adaptation of piezoelectric technology that transmits frequencies which bring body and mind into a state of harmonic resonance or cohesiveness. It's symbiotic companion is **Entrainer Drops**, a vibrational synthesis of organic water formulated on the latest research into the *Memory of Water* and works in synergy with the Encoder to improve the health and well-being of men, women, children, animals and plants. The Encoder wristband is created from medical grade silicon and houses a ceramic 'memory bank' in the form of an energy-harvesting piezoelectric disc that has been imprinted with over 100 Human Blueprint™ Frequencies to assist and optimize inter-cellular communication.

The Encoder is the world's first device utilizing the piezoelectric phenomenon to optimize physical and mental performance. After only a few years, the bio-sonic Encoder Wristband is now in over 30 countries and endorsed by international coaches, sports physicians, athletes and wide spectrum of the public from grandmothers to tennis swinging teenagers.

Its complementary and synergistic partner is called Entrainer Drops which is infused and re-structured with the same 100 plus Human Blueprint™ Frequencies as the Encoder Wristband.

The body-electric's neural network sends and receives millions of electrical signals every second. Any transmission blockages in this neural electrical system diminish its efficiency and thereby directly impact the level of human performance. The matrix of frequencies imprinted onto the Encoder's piezo disc and inducted into the Entrainer Drops act much like a harmonic fusion to correct any such broken connections.

ENCODER & ENTRAINER DROPS BENEFITS

- Increased Flexibility
- Increased Balance
- Increased Endurance
- Electromagnetic Field Protection

ENCODER & ENTRAINER DROPS SUGGESTED USES

Encoder: Wear on left or right wrist with the disc on the inside of the wrist.

Entrainer Drops:

Only 2-3 drops per day taken in any liquid to bring the molecular structure of the body's water content into a state of perfect balance or homeostasis.

ENCODER & ENTRAINER DROPS RESEARCH

The 'field' around the body shows the symmetry between left and right Sides of body. Symmetry is important for healthy function. The gaps or decreased energy relates to organs, glands or body parts. The Energy Field Shows incoherent or insufficient energy (gaps) on both left and right. After placing the Encoder and then the Encoder and Entrainer Drops on the Subject, energy became more coherent, both energy area and symmetry improved

The charts below show systems and individual organ, endocrine and structure balance, adaptability and energy needed to heal. After placing the Encoder on the Subject, energy became more coherent balancing 6 of the 10 areas previously out of balance. With the addition of the Entrainer Drops, only 1 area remains out of balance.

The Chakras (balls) are spinning vortexes of subtle energy and are crucial for everyday balance and wellness. The left, BEFORE scan, shows misalignment in some of the chakras. The circle shadows present are showing the other scan chakra positions. Note how the chakras are center aligned to support body function AFTER wearing the Encoder and ingesting the Entrainer Drops.
