**Frequency Band** is made of organic silk and organic hemp and programmed with both sound and Human Blueprint™ Frequencies. It can be used for wellness by creating an energetic encasement or enclosure around an area of discomfort which will accelerate bringing the area into balance. This will bring about relief and recovery quicker and more effectively.

## HOW ZEROPOINT™ TECHNOLOGY IN THE VIBRANZ FREQUENCY BAND WORKS

It has been discovered that the cells in the body vibrate at various frequencies depending on their state of health. Vibranz has identified specific frequencies that match the optimum state of health for each of the body's organs and systems. These are called Human Blueprint™ Frequencies. When a person wears the Frequency Band with or without a Vibranz Pendant, their body begins to 'resonate with the frequencies' that are in the Frequency Band and Pendants through a process called Biophotonic Entrainment. This is similar to a tuning fork that will pick up the frequency (sound) of another tuning fork in its vicinity. When they are close to one another, they will both begin to 'resonate at the same frequency'. When the organs and systems of the body are attuned with the frequencies that are in the Frequency Band and Pendants, the body returns to a balanced state. The body is able to protect and heal itself when it is in balance.
