

Sirius Earth Hearts and Strips are adhesive “stickers” with proprietary frequencies embedded into fine crystals and plant matter that are adhered onto them. The plants and minerals transmute incoherent electromagnetic (EMF) waves into coherent EMF waves. Just as some sound frequencies or waves are incoherent for human beings and some are coherent. Transmuting these frequencies from incoherent to coherent makes all the difference in how they effect the human body and energy fields.

Available in three package options:

SIRIUS EARTH HEARTS AND STRIPS BENEFITS

- Protects the body from exposure to Electromagnetic Frequencies (EMF's) from items such as cell phones, hair dryers, laptops, microwave ovens, etc.
- Contains Blueprint frequencies that bring the body into balance and energetic homeostasis.
- Sirius Earth Hearts can be applied to smaller items with lower EMF's while Sirius Earth Strips can be applied to larger items or higher EMF's.
- As few as four Sirius Earth Strips can be applied to the electrical box to protect an entire house.

HOW ZEROPOINT™ TECHNOLOGY IN THE VIBRANZ EARTH HEARTS AND STRIPS WORKS

It has been discovered that the cells in the body vibrate at various frequencies depending on their state of health. Vibranz has identified specific frequencies that match the optimum state of health for each of the body's organs and systems. These are called Human Blueprint™ Frequencies. Similar to how plants take our carbon dioxide and transmute it to oxygen, Earth Hearts and Strips, transmute the EMF/ELF waves to frequencies the body can use. This transmutation of the frequencies from incoherent to coherent is what makes Earth Hearts and Strips so different and powerful. When the organs and systems of the body are attuned with the frequencies that are in the Sirius Earth Hearts and Strips, the body returns to a balanced state. The body is able to protect and heal itself when it is in balance.

SIRIUS EARTH HEARTS & STRIPS TESTIMONIALS

"Over the last 10 years or so, I noticed that on the bone behind my ears as well as other areas of my skull felt like they were bruised when I touched them, and I was getting terrible headaches periodically. The pain to the touch had gotten to the point that it was always there. It didn't occur to me that it was from my cell phone, but I did purchase a cell phone protection device. A year later, the pain was still there with the same intensity. Last year, I put the Sirius Earth Strip on my phone, and I noticed that the pain was completely gone, my headaches were gone, and several months later, they still have not returned!" — Lisa, FL

"I have Earth Strips on our cell phones, computers and a few other electrical things in my house. I have always been sensitive to the electro magnetic frequencies (EMFs) put out by electronics and sometimes have felt nauseated because of the harmful energy these devices emit. With the Sirius Earth Strips I felt an immediate lessening of my EMF induced symptoms. When I'm on my computer the energy I feel from the computer is now much more gentle. I don't use my cell phone enough to really notice a difference, but I do feel reassured when I place my phone in my pocket that I am being protected from the waves being emitted. I even put an Sirius Earth Heart on my ipod and feel much more relaxed about using it, as it clips onto your clothing and sits next to my body as it plays. The small size of the Sirius Earth Hearts makes placing it on tiny devices easy and discreet. I can't wait to get more hearts and put them on the other electronics I use on a regular basis." — Dakotah, KS

"For years whenever I talked on my cell phone for more than 30 minutes my ear would get hot and I would keep switching sides. I didn't realize until I placed an Sirius Earth Strip on my phone that it is not supposed to do that! The heat was from the EMF radiation and now I can talk for hours on my cell phone with no 'hot ear'! I have also placed two Sirius Earth Strips on my laptop. I spend several hours most days working on the computer and while I used to feel fatigued and have sore shoulders most days now I do not. Thank you!" — Lorraine, ME

"I noticed that a smart meter had been installed since 2009 on my home. I have had a nagging headache every day, nothing real painful and I'm not one to take medicine. I put the earth hearts on about 5 days ago and was explaining it to a friend of mine. She asked if I felt any different. I then realized I didn't have a headache anymore. I have put one Sirius Earth Heart on the inside of my microwave and one Sirius Earth Heart on the outside, which has turned my microwave from the worst thing you can cook with to the BEST thing you can cook with by transmuting those waves from harmful into beneficial; good-for-the-body waves." — Paula, TX

"We were finding a lot of imbalance sitting in front of the TV in our home or using different appliances that were giving off a lot of negative energy. I took four of the Sirius Earth Strips and put them on the incoming power line of my house before the electric meter. It changed everything in the house making it more harmonious. The electric appliances are not giving off that uncomfortable buzz that they were before." — Ted, NJ

"I was so excited to get the Sirius Earth Hearts and Strips as I had heard about all the horrible things that can happen with the Smart Meters that are on our homes. Then I realized right at the head of our bed on the outside is our Smart Meter and my husband had sleep apnea really bad. He snores real loud and every few minutes he will stop breathing. I'm lying there worried that any minute he's going to conk out on me for lack of oxygen so I'll reach over and shake him, then he'll start breathing again and every few minutes he'll do that all night long. He's not getting good sleep and I'm not getting good sleep. In addition to that, he's got this repetitive leg motion that every 12 seconds he'll kick his leg out and it shakes the whole bed so we were having a really hard time with that. I began wondering how much that Smart Meter was contributing to the symptoms of his Sleep Apnea. I put the Sirius Earth Strips on the Smart Meter according to the directions and that very night my husband's sleep apnea symptoms subsided and he has not had them ever since. So I'm excited; he's sleeping well and I'm sleeping well." — Bonnie, TX
