Preferred Customer Program - Starting January 1, 2019

- You will receive the Preferred Customer discount of 10% off Retail price and can get on Smartship for another 10% off and *FREE* shipping on Smartship order **over** \$125.00.
- If you want to be a Consultant with Vibranz and build a business, you must qualify by getting 2 Customers, which can be Retail or other Preferred Customers.
- The first 2 sales will be paid in the form of product *Referral Credits* for either Retail sales or Preferred customer sign-up. *Referral Credits* will match the same amounts that Consultant gets for a similar sale **EXCEPT** *Referral Credits* will be paid in the form of **Coupons** that maybe used to purchase future products.
- If you chose to become a Consultant after the 2nd sale, you can use the credits to upgrade. It is not required that you upgrade as you may wish to remain a Preferred Customer and not have the continuous 2 Customers rule. The **Coupons** would then be used for future product purchases. You may continue to make *Referral Credits* as a Preferred Customer if you chose or upgrading after having 2 Customers – this option is always available.
- Should you decide to become a Consultant with Vibranz the *Referral Credits* may be used to purchase an upgrade package. The upgrade will either be a \$49.00 Admin fee plus \$4.95 shipping for your Consultant Kit, or an upgrade package based on whatever package you previously purchased to become a Preferred customer.
 - Example, if you signed up as a Preferred Customer with a \$39.00 Preferred membership package plus shipping, you could upgrade to a \$299, \$499, \$999, or \$1,899 package or \$49 Admin fee under the UPGRADE tab on your website. If you previous purchased \$499 package to get the additional savings upfront, then you could upgrade later to a \$999 or \$1,899 package, or just pay \$49 Admin fee to upgrade.
- If you have chosen to become a Consultant after your 2nd Referral and you have paid your \$49.00 Admin Fee **or** bought an upgrade package; your qualifications per the package will start from that time.
 - Example: You joined as a Preferred Customer in January with a \$299.00 package. In February, you get your 2nd Referral and decide to upgrade to a Consultant. When you make upgraded purchase is when your timeline for the Preferred customer or upgrade package benefits start that are Consultant related. That being the additional 10% discount on products, the 30, 60, or 90 days in the rank associated with the Preferred Customer package you had purchased.
