HOW ZEROPOINT TECHNOLOGY™ IN VIBRANZ CITRUS SILK OIL VERA WORKS

It has been discovered that the cells in the body vibrate at various frequencies depending on their state of health. Vibranz has identified specific frequencies that match the optimum state of health for each of the body's organs and systems. These are called Human Blueprint™ Frequencies. When a person ingests or applies Citrus Silk Oil Vera, their body begins to resonate with the frequencies that are in Citrus Silk Oil Vera through a process called Sympathetic Resonance and when exposed to light, Biophotonic Entrainment also occurs. This is similar to a tuning fork that will pick up the frequency (sound) of another tuning fork in its vicinity. When they are close to one another, they will both begin to resonate at the same frequency. When the organs and systems of the body are attuned with the frequencies that are in Citrus Silk Oil Vera, the body returns to a balanced state. The body is able to protect and heal itself when it is in balance.

CITRUS SILK BENEFITS

The Human Blueprint™ Frequencies contained in Vibranz Citrus Silk Oil Vera provide matching frequencies for organ, endocrine and other systems, bringing the body into its' energetic balance. Essential oils and extracts from plants and trees have been used for thousands of years for their therapeutic properties. The molecular structure of many essential oils is tiny enough to pass through the blood-brain barrier. Many experts say essential oils deprogram misinformation stored in DNA and then reprogram correct cellular information.

COSMONUTRICEUTICALS — a term coined by Vibranz, refers to the combination of cosmeceutical and nutraceuticals that have been infused with Human Blueprint™ Frequencies for biofield balance. The term 'nutraceutical' was introduced during the 80's to describe supplements that are generally derived from natural ingredients to provide wellness benefits similar to pharmaceuticals. Cosmeceuticals are cosmetic personal care products that can provide wellness benefits similar to pharmaceuticals.

CITRUS SILK OIL VERA TESTIMONIALS

“Sports injuries during my youth restricted my right shoulder mobility for years. I couldn’t raise my right arm above shoulder height and it was often painful. A few minutes after rubbing just 2 sprays of Citrus Silk Oil Vera on my hands and face I heard and felt a gentle “pop” in my right shoulder and I felt it loosen up. I wiggled it around and raised it over my head and was able to touch my left shoulder for the first time in years! It’s been 3 weeks now and I have complete mobility in this shoulder and no pain.” — Dale K., ME

“I started using Citrus Silk Oil Vera in February two times daily; morning and evening. I was using it as a skin moisturizer, 3-5 squirts on my hands and then applying it to my face. I would then use an extra squirt on my eyelid, as I had a growth in the corner of my bottom lid that had been there for about a year. Within a couple of weeks I noticed that the growth was getting smaller and within 6-8 weeks it was completely gone! It did have one side effect, however — my crows feet went with it! I was amazed when I realized that the crows feet on the eye to which I was applying the extra drop had completely disappeared. I can’t wait for the other side to catch up!” — Freda P., S FL

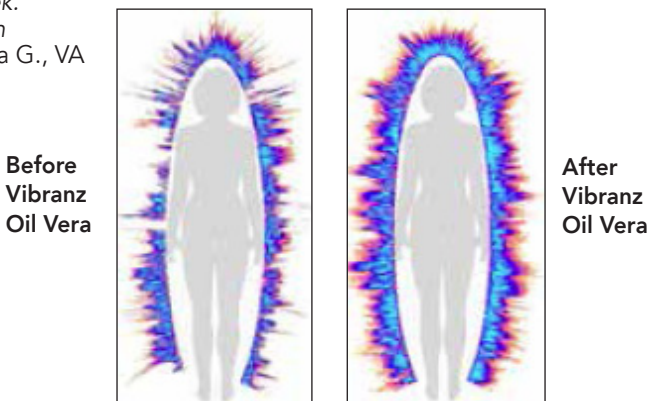

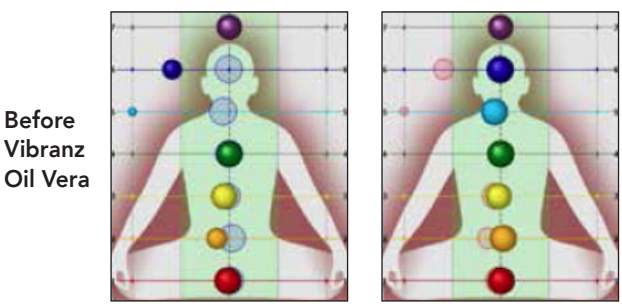

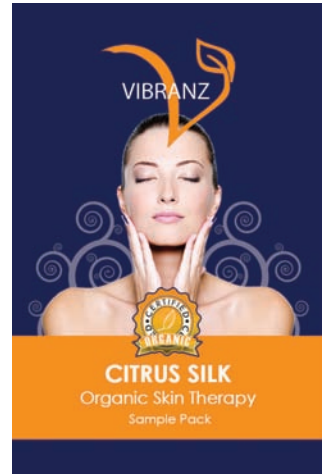

“On Memorial Day, I planted the last bed in the vegetable garden. By the time I finished, I was covered in bites, despite using a natural insect repellent. Some of the welts were larger than a quarter. The histamine reaction in my body was making me feel miserable, and my usual post-treatment for bites was not working. I scratched myself into a frenzy, and canceled my evening barbeque plans. I decided to try the Citrus Silk Oil Vera topically, but first I sprayed some in my mouth. WOW! Within SECONDS the itch began to calm down, as the sub-lingual absorption delivered the frequencies to my system immediately. I took a photo of one of the giant welts on my arm, and by the next morning all two dozen welts on my legs had disappeared. Usually when I am served up as “Mosquito Happy Hour” I have evidence for a day or so from the scratching. This time there was none.” — Penelope T., MD

“My energy depletes quickly when exposed to excess chemicals and EMF frequencies. I have noticed a huge difference when I apply Citrus Silk Oil Vera. The other day while pumping gas, I felt weakened, but after a spray of Citrus Silk Oil Vera, my energy was restored. Recently after about 20 minutes in a high tech store I felt my energy draining. I applied Citrus Silk Oil Vera. I felt better right away and shopped until I was done. I just love the benefits I feel from Citrus Silk Oil Vera that allow me to feel balanced and function easily in the presence of all the environmental pollution on the planet. Thank you!” — Robin G., FL

“My husband has been using Citrus Silk Oil Vera on his moles and sun damage spots on his face and we can both see a huge difference in how they look – much lighter, and his skin has a glow about it. I also used the Mint Matrix Oil Vera on my feet at night before going to bed. I frequently have severe cramps – since using it, I have had no cramping, and I sleep very soundly.” — Edi M., AZ

“Among the many amazing uses of the Oil Vera Wellness Solutions (Mint Matrix Oil Vera and Citrus Silk Oil Vera), I have personally found them to be wonderful in assisting in weight loss. Every day for a month, I took a few drops of the Mint Matrix Oil Vera by mouth in the morning and the afternoon, and applied the Citrus Silk Oil Vera to my hands and face every morning, and mixed one spray of the Citrus Silk Oil Vera into my water bottles throughout the day. I noticed that I simply wasn’t hungry, and without the hunger cravings, I was much less likely to snack on fast food or drink sodas. With no major change in diet or exercise, in just one month I lost 17 pounds and am down two and a half pant sizes. More importantly, the weight came off and it’s staying off! Thank you! — Brian Z., FL

“I could feel & see the Citrus Silk Oil Vera detoxifying effects the first week. The second week the fine lines started to vanish. With continual use I am noticing the thickness of my skin is increasing, and it is firmer.” — Brenda G., VA
