

Frequency Discs are Black Granite (8") and Green Jade Marble (3.5") discs. Proprietary Human Blueprint™ Frequencies that bring the body into balance and energetic homeostasis are infused into the discs with ZeroPoint™ Technology.

HOW ZEROPOINT™ TECHNOLOGY IN THE VIBRANZ FREQUENCY DISC WORKS

It has been discovered that the cells in the body vibrate at various frequencies depending on their state of health. Vibranz has identified specific frequencies that match the optimum state of health for each of the body's organs and systems. These are called Human Blueprint™ Frequencies.

When you hold the Frequency Disc on the area of pain, your body begins to resonate with the frequencies that are programmed in the disc. This is similar to a tuning fork that will pick up the frequency (sound) of another tuning fork in its vicinity. When they are close to one another, they will both begin to resonate at the same frequency. When the organs and systems of the body are attuned with the frequencies that are in the Frequency Disc, the body returns to a balanced state. The body is able to protect and heal itself when it is in balance.

Available in 8" Black Granite and 3.5" Green Marble

FREQUENCY DISC BENEFITS

Life-Sustaining Protection

The science of the zero-point field is a rapidly growing field of study. Of the many benefits discovered recently are the energetic balancing and protective effects of ZeroPoint™ Technology that is infused in Vibranz products. These frequencies provide a number of life-enhancing benefits.

- Neutralizes the effects of environmental toxins and chemicals
- Reduces the effects of pesticides, insecticides, etc.
- Reduces or eliminates body pain when placed at point of discomfort
- Energizes and neutralizes bath or cooking water
- Protects from harmful electromagnetic frequencies when placed near body during computer use or when near other electronics
- Aids in quality of sleep when placed under pillow or mattress

FREQUENCY DISC SUGGESTED USES

8-inch Frequency Disc — for large items such as food, groceries, plants, household cleaners, toiletries, and the human body.

3.5-inch Frequency Disc — for individual drinks, bottles, vitamins, small toiletries, other small items, and the human body.

- Either size may be used on areas of the body for pain or imbalance.
- Place food or beverages on Frequency Disc for 6 minutes to achieve maximum efficacy.
- Place disc in the refrigerator to keep foods fresher for a longer time.
- Place groceries on disc as they are put away after shopping.
- Sit house plants on discs to optimize growth.
- Apply disc directly to areas of body pain, muscular discomfort, or internal pain.
- Place harsh chemicals, or household cleaners on disc before use to lower toxicity.
- Place bottled wine on disc to 'mellow' the tannins in wine, causing it to taste 'smoother'.

FREQUENCY DISC DIRECTIONS

When using on body, slide logo side of the Frequency Disc on area of discomfort until the disc 'sticks'. **Note:** when area comes into balance 'sticking' disc will release.

FREQUENCY DISC TESTIMONIALS

"The Frequency Disc will stick to the areas of aches and pains. When it's "suction grip" releases, the aches and pains are gone! (I bring the Frequency Disc to bed with me)" — Margee B.

"I put the Frequency Disc on my back, and it stuck like it was suctioned onto my back! That was at 3:00 pm, and the pain was gone by 5:00 pm! The disk stuck there all through that night — I literally had to peel it off to take a shower the next morning, and I had absolutely no sign of sciatica!" — Lisa L.

"I've placed the Frequency Disc in my refrigerator, and it's keeping our food fresh for a longer time. I'll be purchasing additional products for my family!" — Deepa C.

"In this day and age when unsafe food handling is in the news, we never dine out without our Frequency Disc. We find it especially effective on taking "bitter" after-tastes away from coffee and wine." — Tim B., FL

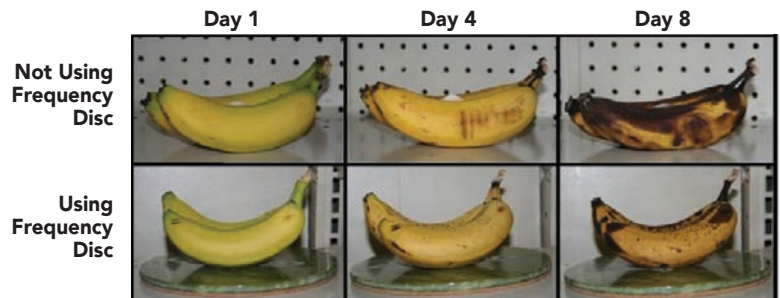

"I was suffering from a pain in my wrist. I've never experienced this before, but from what I know about carpal tunnel, it seemed to match the symptoms. It was painful to type and even when my hand was in a natural position there was a dull pain. I started using the small Frequency Disc under my wrist when I used the mouse for my computer. It took about one day and the pain continued to diminish until it eventually went away completely! Typing as much as I do, this discovery is a true blessing. Now I use the small disc in that manner as a preventative measure." — Doreen Z., FL

"I was using the Frequency Disc which stuck to my shoulder. The next day went to a friend's house who has cats that I am allergic to. This time they didn't bother me and I slept very well with the Frequency Discs right over my lungs." — Kitty, PA

"I would like to share my results in using the 8" Frequency disc for my arthritis. I used it every night and gradually every morning it was better. I have had it for about 3 weeks and now do not wake up in the morning with any back arthritis pain. I don't know how it works, but it certainly has worked for me. I stuck the disc in a sock and wrapped it around my back." — Jean, CA

"I have been putting avocados on a disc and I have noticed the flavor is remarkably improved. I would recommend everyone to purchase unripe avocados to have them ripen on a disc. I also had a few green tomatoes I had to harvest before the frost. The ripened tomatoes on the Frequency Disc tasted just as good as the ones we've been eating all summer. Most impressive is the Organic Spring Mix that lasted 3 WEEKS in my refrigerator with no 'slime'." — Priscilla, PA

"In March of 2009, an 8-day test was performed at a natural food store to determine the efficacy of using Vibranz Frequency Discs to increase the shelf life of fruits and vegetables. Two pairs of organic bananas were selected from the same bunch. The two pairs were placed on the same metal shelf approximately 9 feet apart. One pair was placed directly on the shelf and the other pair was placed on a Vibranz 8" Frequency Disc. Progress photos were taken to document the progression of the ripening and spoilage processes. At the end of the eighth day, the bananas on the shelf were showing signs of significant aging and bruising. The bottom edges of the bananas were flattened, the fruit inside was bruised, and the peels were starting to rot. They were no longer edible. The bananas on the Frequency Disc were also showing signs of aging, although much less than the other pair. The fruit inside was not bruised and was still well within the limit of being tasty and edible." — Marvin C.
